**Remarks-**

- 1- Contractor shall supply ISI marked material as per the makes of brands indicated above as approved by the Engineer-In-Charge. In case the firm is not manufacturing ISI marked material for any of the brands, first quality material shall be accepted . The samples of the material shall in either case have to be got approved from the Engineer In-Charge. In case Engineer-In-Charge feels that some material/brand is not meeting the project requirements/ Client requirements of proper specifications, the same shall not be allowed even if its brand name is included in list of approved make/brand above. No claim of contractor on this account shall be entertained for difference in cost etc.
- 2- Material where no make/brand has been mentioned, ISI marked samples shall be submitted by the contractor for approval of Engineer In-Charge. For those classes of materials, where no firm exists with ISI mark, sample of first quality material of the firm shall be submitted for the approval of the Engineer In-Charge.
- 3- Any variation from the above mentioned makes/ brands will require specific approval of the Engineer In-Charge. Equivalency of any item/material shall be determined by the present day cost of item/material. The items falling within plus /minus (+,-) 2% of cost shall be treated as equivalent. Rates shall be collected only from the main suppliers/manufactures for comparison.
- 4- It will be contractors' responsibility to ensure the quality of products listed in approved list of brands, contractor will have to replace the defective and substandard materials at his own cost.
- 5- No material shall be used by the contractor as long as samples have been approved by Engineer/Engineer-In-Charge in writing and keep the record at site as per procedure.
